

# A/B Test

Sunday, February 25, 2024 8:40 PM

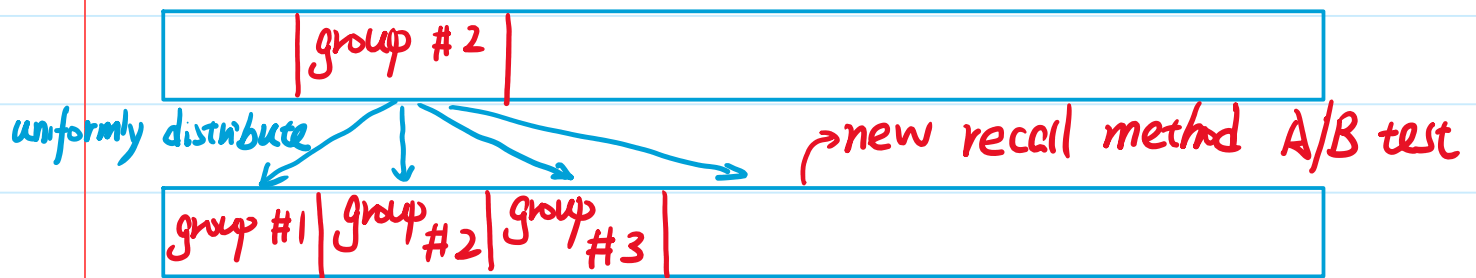

Split by "bucket/bin"

{ user group # 1 → experiment  
user group # 2 → control  
⋮  
user group # N → experiment

Split by "layer"

- ① different layer for different independent test
- ② in the layer, bins need to be no overlapping

→ user interface A/B test

→ new pre-ranking method test

# A/B test

Sunday, February 25, 2024 8:40 PM

Hold-out group: do nothing; keep as it is.

test new user interface (GUI)

10% users

90% users

hold out

test new recall methods

hold out

test new pre-ranking

hold out

test new ranking

hold out

test new re-ranking

difference: how much new system improves.

90% users: A/B test; apply new method

10% users: Hold out; Do not apply any method.
